Dubai , UAE

www.linkedin.com/in/vyshnav-ramesh-747388252

TECHNICAL SKILLS

- Database Systems: MySQL, MariaDB
- Operating Systems: Windows, Linux, Virtual Machines
- Programming and Scripting: Python, Power BI, Bash, PowerShell, HTML, Java, CSS, React , AWS

SOFT SKILLS

- Strong team-working and communication skills
- Excellent problem-solving skills
- Excellent time managment skills

CERTIFICATIONS

- Ethical, Human-Centric AI Design
- UX Foundations : Interaction Design
- Application Development in JAVA

LANGUAGES

- English (Fluent)
- Hindi (Partial proficiency)

PROFILE

Dedicated and solution oriented computing student with a strong framework in coding and design, complemented with expertise in Python, React, JAVA, MySQL, HTML and CSS. Enthusiastic to implement knowledge and experience gained from the achieved certifications and eager to grow under the guidance of experienced professionals. Just as the human mind optimizes memory through chunking, I design and structure solutions with precision—transforming complexity into clarity, efficiency, and innovation.

EDUCATION

Bachelor of Science in Computing and Information Technology 2023 - 2027

Minor in Mathematics

Rochester Institute of Technology, Dubai Campus

GPA: 3.89 / 4.0

Relevant Courses: Software Dev. & Problem Solving, Intro. to Routing & Switching, Task Automation using Interpreted Lang., Computer System Concepts, Web & Mobile Dev, System Admin, Designing the Human Interface, Database Access

Recipient of Academic Scholarship

Dean's list awardee for 5 consecutive semesters

WORK EXPERIENCE

Virufy
JUNE 2025 - AUGUST 2025

Mobile Application Developer

- Built AWS Lambda workflows for uploading audio to S3 and storing metadata in DynamoDB with secure, reliable APIs.
- Developed and debugged a responsive consent management interface in React/TypeScript, embedding complex form structures directly into JSX and ensured clean, maintainable component architecture.
- Designed and delivered a responsive consent management interface that improved usability and accessibility, ensuring a seamless experience across devices.

RIT Library
JANUARY 2025 - MAY 2025

IT Specialist

- Oversaw the maintenance of the library website and tracked down potential issues.
- Contacted publishers and helped invoice and maintain student lists using excel.
- Managed new library acquisitions by cataloging, labeling, and preparing items for circulation.

PROJECTS

Concert Ticket System
JANUARY 2026 - MAY 2026

- Developed front-end and back-end of a website in which the users can purchase and book tickets, using Mustache, CSS, Java and JavaScript.
- Successfully wrote and executed the code and gained knowledge about the development of websites.
- Developed presentation skills and team-working skills.

Interactive Game of Pegs
AUGUST 2023 - MAY 2024

- Developed a comprehensive game from scratch with can be played on the command line interface as well as GUI using JAVA.
- Lead the project and was responsible for the development of the game.
- Improved and gained valuable insights related to innovation and problem solving.
